

ISEP's philosophy is that integrative approaches are required to solve challenging problems in science, engineering, computing, and medicine

Vision

To be a world-class graduate programme in integrative research and education

Mission

To prepare students for diverse careers and train them to contribute effectively to society

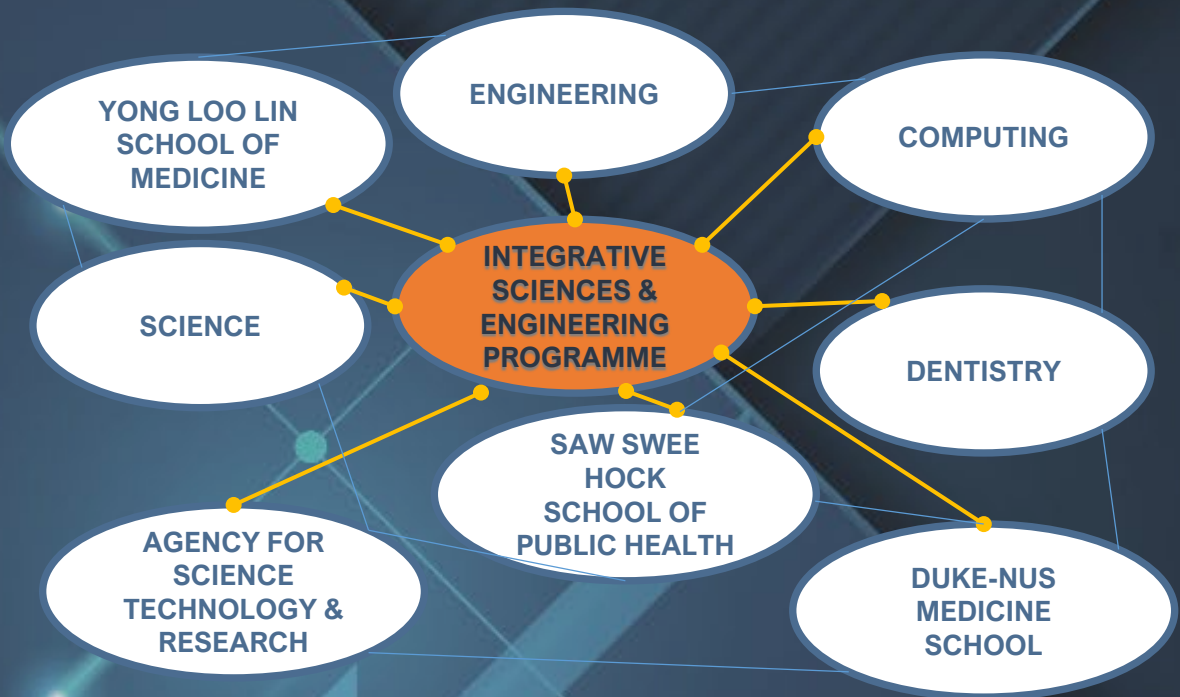

What We Offer

Premier PhD scholarships to support research that cuts across disciplinary boundaries

Open to individuals of all nationalities with excellent academic credentials

Our students have the flexibility to nominate supervisors from any of these faculties/research institutes...

...and to undergo immersive training in the sub-programme of the Supervisor's home department.

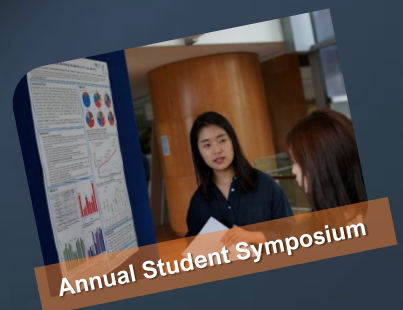

ISEP provides its students with pastoral support as well as numerous networking opportunities

Pastoral Care

Student Welfare

Annual Student Symposium

Our students can do their research both within Singapore and at any of ISEP's overseas partner institutions

ISEP PhD Scholarship

For those with strong research potential in integrative sciences, engineering, computing or medicine

- ❑ Tuition fees waived for 4 years
- ❑ Monthly stipend over 4 years: Singaporeans: S\$3,600 (plus CPF contributions), Singapore Permanent Residents: S\$3,400, International students: S\$3,100

Eligibility

- ❑ Bachelor degree with top honours: Cumulative Average Point (CAP) $\geq 4.00/5$ or Grade Point Average (GPA) $\geq 3.2/4$
- ❑ Graduate Record Examinations (GRE): verbal + quantitative ≥ 320 , analytical writing ≥ 3.5 (for non-NUS, NTU, or SUTD degrees)
- ❑ Test of English as a Foreign Language (TOEFL): ≥ 90 OR International English Language Testing System (IELTS): ≥ 6 (if undergraduate language of instruction was not English)
- ❑ Strong research potential. Potential to be a future leader in their respective fields based on the strength and originality of research proposal, credible signs of research ability, and expertise/interests that might lead to a path-breaking piece of work. Research interests that are aligned and/or complementary with the strengths of NUS faculty is a plus.
- ❑ Strong ethical character and high potential to succeed in our PhD programme.
